

NARRATIVE INTERVENTION

Ten Principles for Effective Practice

1

Build story structure before vocabulary and complex language

Deliver immediate corrective feedback

6

2

Use multiple exemplars to promote metalinguistics

Use efficient and effective prompts

7

3

Increase active student responding

Differentiate, individualize, and extend

8

4

Contextualize, unpack, and reconstruct stories

Arrange for generalization opportunities

9

5

Use visuals to make abstract concepts concrete and fade them

Make it fun
